

4 - 6 December 2017 / BOGOTA, COLOMBIA

July 20, 2017

Expodefensa 2017, the leading Defense and Security HUB for Latin America

The 6th edition of Expodefensa exhibition will be held from 4th to 6th December in Bogota, Colombia at the Corferias Exhibition Center.

The Latin America and the Caribbean region needs precise responses for its Security and Defense challenges: 79% of the population live in urbanized areas; vast rural territories and complex environments make interventions harder (the Andes cordillera, the Amazon rainforest, expanded coastal areas and others); the significant and dynamic economic growth needs to be secure; major economic organizations are present (The Pacific Alliance, Mercosur...).

Expodefensa is the point of reference for Latin America presenting an international offer of dedicated solutions to ensure the Defense and the Security of countries, to maintain or to restore peace and to prevent and to combat natural and industrial disasters.

The exhibition presents, both to public and private sector involved in sensitive activities in the region, the latest and most innovative equipment and services.

The entire Defense and Security Industry exhibits at Expodefensa like major contractors and multinational industries, Defense & Security sub-contractors, MRO¹ supply chain companies, Innovating companies & SMEs², training providers, test and measurement centers, research agencies. More than 250 exhibitors are expected in 2017.

Expodefensa welcomes government members, international organizations and institutions, Official Delegations, heads of security companies, executives of critical infrastructure and strategic industrial sites, members of the armed forces and of security agencies, directors of home security services, safety/security directors of public and private companies, journalists. In 2015, the exhibition hosted 232 exhibitors from 26 countries, more than 10, 300 international visitors, 55 Official Delegations from 27 countries and 4 Defense and Security ministers from South America.

Expodefensa is the unmissable meeting for all the Defense and Security players of Latin America and the Caribbean. The next edition will be held from **4 to 6 December 2017** and already seems to be very promising.
