ABOUT ORGANIZERS

The Ministry of National Defense of Colombia

The Ministry's main objectives are the formulation and adoption of policies, general plans, programmes and projects for the National Defense. Its missions are to defend sovereignty, independence and territorial integrity, as well as to maintain constitutional order and guarantee democratic governance, collective prosperity through the eradication of violence and the appropriate deterrence capabilities and use of force.

CODALTEC, the High Technology Corporation

The Colombian Ministry of Defense commissioned CODALTEC for the organization of the Expodefensa exhibition, with Corferias and COGES International. CODALTEC main objective is the development, promotion and implementation of activities in science, technology and innovation, in order to strengthen technological scientific capabilities of the country's Defense sector. It supports industrial developments at national level for both Defense Sector and domestic industry as a result of the dual use of applicable technological scientific capabilities.

CORFERIAS

The International Business and Exhibition Center of Bogota has more than 50 years of experience leading the fair activities in the region. The modern facilities in 151,460 m² (27 pavilions, 10 outdoor areas) offer complementary services such as a modern and systemized log of buyers and sellers, a food court, a parking lot with capacity for 2,700 vehicles, a large convention center with an auditorium and meeting halls, in addition to a modern multi-event hall, which is the only one of its kind in Colombia and Latin America.

COGES International

COGES company, a GICAT's subsidiary, was created in 1993 to organize Eurosatory, the premier Defense and Security exhibition worldwide. It federates the French industry in national pavilions in various Security & Defense exhibitions within the worldwide. It organizes the ShieldAfrica exhibition in Abidjan (Côte d'Ivoire) and Eurosatory exhibition in Paris (France). Eurosatory joined Expodefensa organization in 2015.

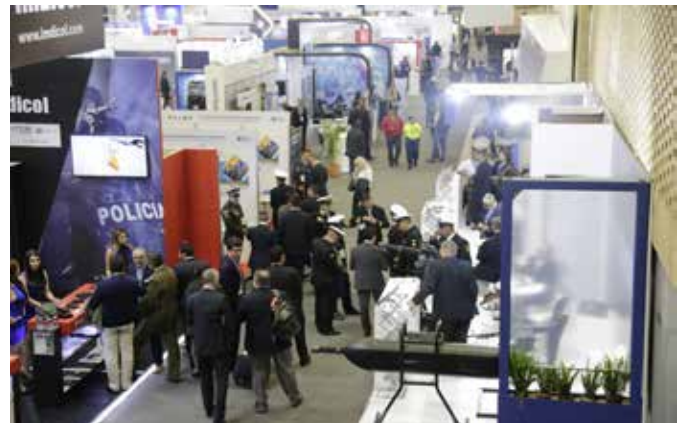

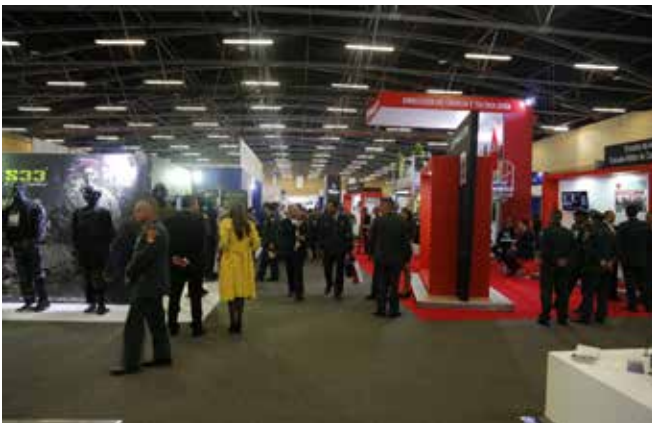

HISTORY AND EVOLUTION OF EXPODEFENSA

First edition of Expodefensa was held in **2009** at CORFERIAS exhibition center (Bogota) organized by the Ministry of National Defense (GSED - Grupo Social y Empresarial de la Defensa) with the participation of armed and security forces.

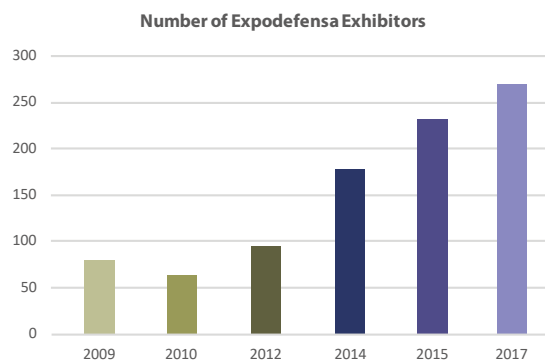

Since **2015**, Expodefensa is organized by for the first time by the alliance of CODALTEC, CORFERIAS and COGES INTERNATIONAL and supported by MINDEFENSA.

The last edition was held in **2017** and this 6th EXPODEFENSA is a successful trade fair with 269 exhibitors from 24 countries, 12,500 professional visitors including 74 official delegations from 30 countries.

Today Expodefensa is the **international Security and Defense hub for all Latin America and Caribbean** countries with a real influence.

Evolution of exhibitors number

NEW IN 2019*

Spain country guest of honor

In 2019, Expodefensa gives a special welcome to Spain and names it "Country guest of honor". 19 Spanish companies are registered their participation

Expodefensa Workshops Programme

This year exhibition offers a large workshops programme covering diverse and complementary security and defense topics... The up-to-date programme is available online:

<https://www.expodefensa.com.co/visiting/workshops-2019/>

Exhibiting countries*

Expodefensa 2019 exhibitors come from 26 countries. Among them, companies from **Germany, Czech Republic, Lithuania, Hong Kong, Thailand, Bulgaria, Italy and Israel.**

National pavilions

Expodefensa will host 6 pavilions in 2019:

Brazil, Spain, France, Israel, United Kingdom and United States

Key figures 2019*

Based on 2017 results, **12,500 visitors** are expected together with the presence of **218 international and Colombian exhibitors**, about **130 official delegations** from over 20 countries.

Trends in exhibited equipment

Expodefensa is an exhaustive trade fair that covers the four domains: Land, Sea, Air and Space. We find there all the systems to equip these 4 domains. Innovation is also remarkably driven by Colombia.
